## Local and General

The Rev. Dr. Lloyd during his visit to Crossfield was the guest of Mr. and Mrs. Mosop.

Crossfield's population has been increased by two during the last few days, 1st a girl was born to Mr. and Mrs. L. V. Bliss and next a girl to Mr. and Mrs. E. Wegner. We wish them luck.

If more liquor will be drunk under prohibition than under license, why is it that the brewers all favour license? It must be on account of their kind hearts.

Dr. and Mrs. Whillans and her sister were visitors to Calgary on Monday, going down by auto.

Two car load of visitors went from Crossfield to the Sarcee camp on Sunday last.

Get in style and buy a Fi-Re-Co. Range from W. McRory and Sons.

Mr. Berry will speak from the subject "Right," on Sunday evening at the Union Church.

From the looks of the weather we are having recently one would think that everything is going to go dry after the 21st, it is evidently getting all the rain over before then.

Crossfield does not intend to be outdone, we are to have a Gun Fund of our own. The Council are the organizers of the scheme, of which you will hear more anon.

MEN: When Alfred G. Vanderbilt saw that the Lusitania was sinking he cried "Save the kiddies," and gave his life for them. Again the cry comes "Save the kiddies." Can any man say no, I will vote for my glass.

The picture show on Friday evening last was not the success it would have been had it not clashed with the meeting in the I.O.O.F. Hall, where Dr. Lloyd gave a very striking and forceful address on prohibition.

Oh, yes! A Big Dance, where? Why, at Wiese's New Barn, on Friday, July 16th.

Ladies to provide lunch. Everybody welcome.

Parents who have children who are eligible for the High School, and wishing them to commence Next School Term are requested to see Mr. A. R. Thomas, as arrangements must be made at once.

Mr. E. H. Morrow is due to speak on Prohibition at Cochrane on Sunday next.

Would it hurt your business if the \$12,000,000 spent in liquor were spent in food, clothing and shelter.

Mr. W. McRory contemplates a trip to Banff on Friday to visit his wife, who by the way, is sojourning there for a month or so for her health. We hope the change and rest will be beneficial, and that she may return strong and well.

Mr. and Mrs. Ivor Lewis, Mr. and Mrs. Cavander, Mr. and Mrs. Scholefield and Mr. Peacock, left Crossfield the first part of the week in Cavander's and Peacock's cars, with the intention of visiting Banff for a week or so.

The Educational contest at the Union Church as announced to take place on Tuesday evening last, was postponed until to-day, Friday, the 16th. A very interesting program has been arranged, the competitors coming from Crossfield, Inverles, Sunshine, Tan-y-Bryn and Rodney. A silver medal will be given to the successful competitor. There will also be special music. No charge will be made for admission but a collection will be taken.

# PATRIOTISM vs. ALCOHOLISM

## Is Prohibition Consistent with Personal Liberty?

The Slogan of "Personal liberty," was at first used against the doctrine of the "Divine Right of Kings," to use the subject simply for his own convenience. Hampden and Cromwell fought for personal liberty, for the rights of humanity. They were the champions of the oppressed. Personal liberty was then the watchword of the lovers of humanity, but now it has been completely perverted, and is used by those who ignore the rights of women and children, and the rights of many men to be protected against their deadly enemy. Then it stood for democracy, for the rights of the many against the few, now it is used by the few against the many and in the name of selfishness and greed. Personal liberty in this sense is the law of the jungle, not of civilization. It is utterly opposed to all the best traditions of the British race. Prohibition stands for the highest liberty—the liberty of brotherhood.

## Does Prohibition Prohibit?

The liquor men are constantly saying No, but look at these figures taken from the Year Book of the U.S. Brewers' Association for 1911. Page 11 of the appendix gives these statistics:—

	Gallons of intoxicating Liquor.
Saloon .. States average per capita	25.28
Local Option .. .. .	4.47
Prohibition .. .. .	1.35

What better evidence can any one desire to show that prohibition does Prohibit.

When one of the brewers of Saskatoon some few weeks ago was asked by a reporter whether he would continue his business, he said, Oh, yes, but we will seek wider markets, and then also we will go into the manufacture of soft drinks. However, we have already laid off 40 per cent of our employees, and on July 1st we will have to lay off 15 per cent more.

Even if the wholesale houses are to remain open in Sask., this shows what the closing of the bar means to the liquor interests.

## Temperance vs. Prohibition.

"Moderation is better, and more manly than total abstinence." We are told temperance is the great virtue. Yes, that is sound as a principle but so often it is misapplied. All good things are to be used in moderation—temperately. Some people have killed themselves with over eating—that is intemperance. But temperance does not mean that a person is to use anything found in nature or manufactured by man. Temperance is moderation of the use of the helpful, and abstinence from the use of the hurtful. The best medical science to-day states that alcohol as a beverage is always hurtful, and for that reason moderation can't apply to it. "Temperance is moderation in things innocent and abstinence from things harmful."

## Rev. Dr. Lloyd

The Rev. Principal Lloyd of the Anglican College in Saskatoon--and President of the Dominion Alliance, in the powerful address he gave in the I.O.O.F. Hall, Crossfield, on the 9th inst., stated that as a result of closing the bars in Saskatoon at 7 p.m. since April 1st, the commitments to gaol in Saskatoon for the three months following, was only 50 per cent. of what it was formerly. When this fact was reported to the Attorney General he sought to find the facts for the rest of the Province, and found that this average for the whole Province was practically the same as for the city of Saskatoon. The Hon. C. A. Windle claims drink is not the cause of crime. What can he do with these facts?

## Calgary Doctors

### Endorse Prohibition.

The following definite clear-cut resolution was passed at the last meeting of the Calgary Medical Association:

We, the Medical Society of the City of Calgary, do hereby resolve:

"That in our opinion the general use of alcohol as a beverage is harmful to the physical and moral well-being of the individual, and furthermore it has been our observation that much of the poverty, misery and sickness of the city is caused by its use. We, therefore, wish to put ourselves on record as being in favour of the effort that is to be made to pass a prohibitory law in this province, believing that such a law would work to the economic, moral and physical welfare of the people of the province."

## Returning the Empties

Rev. E. M. EVANS of the Trinity Methodist Church, Des Moines, Iowa, got one of those circular letters booming "Old Bob Adams' whisky. He printed a reply in the Des Moines "Register and Leader" that should interest every intelligent man whose talents are being misused in the booze business:

I note you pay the freight on returned empties. I would like to see you a full carload of empties if you will honour your agreement. I suppose the freight will be much cheaper on full carload lots? To be honest with you, the empties are not in first-class condition. They consist of empty men—empty of manhood, energy, ambition, prospects, self-respect, and necessities of life—empty head, empty heart, empty soul, empty stomach. Also empty women, empty of womanhood, refinement, modesty and hope. Will it be worth while making a return of this carload of empties? Will this carload of empties be worth the freight to you?

Do you haul back your empties, Mr. Respectable Distiller, or are you dumping the junk of them on the jail and the poor-house?

## Are You in Doubt?

Then stop and think of the line up. On the one side the U.F.A., the merchant travellers, educators, doctors, Judges, Christian socialists, Fraternal Societies and Churches. On the other are the brewers, distillers, license holders, atheistic socialists and the slaves of appetite. Compare what you think are the motives of these two classes. Think of the products of the traffic. Do you know one good result of the bar-room?

Then do your part.

## Booze and Efficiency.

There has been a wide-spread opinion that a small amount of liquor was a stimulant to the best effort. But science now assures us that alcohol always causes the nervous system to lie. It makes a man feel warm when he is cold—to feel strong when he is scarcely able to stand upon his feet—to feel rich when he has only five cents in his pocket. Soldiers in the Swedish army without alcohol made an average of 24 hits out of 30 shots, and these same men under the influence of a small amount of brandy made only 3 hits out of 30 shots, and yet the men felt they were doing better work. Surely strong drink is a mocker.

### Investigation Commission.

For some time past the Department of the Attorney General has been making a general preliminary investigation into the affairs and methods of several Oil Companies. This investigation has brought sufficient irregularities to the surface to justify the Government in appointing a Commission to make a full and complete enquiry into the same matters, under the Act respecting Enquiries into Public Matters. As a consequence, Judge Carpenter of the District Court has been appointed a Commissioner under that act with power to enquire into and concerning the promotion, incorporation, management and operation of the various companies and stock exchanges in the Province, including the expenses of management, investment of funds, nature of properties or claims held, the manner and cost of sale or disposal of stock and other allied questions.

Frank Ford, Esq., K.C., of Edmonton, has been appointed by the Government as advisory counsel to the Commission, an appointment which in itself, should be sufficient guarantee of the Government's desire to make the enquiry thorough.

We understand it is the wish of the Government that all assistance be given by the public, and to that end and so that may purge this valuable industry from wrong doing and improper manipulation, they are authorized to say that the Attorney General will be glad to receive any and all information which will assist him and further the objects of the Commission. All such information should be sent direct to the Attorney General's Department.

## Misrepresentation.

Apparently there is on foot in Crossfield a movement to deliberately misrepresent the features of the "Liquor Act" and "Direct Legislation Act." It is unnecessary to say that the misrepresentation in question is being used to further the liquor interests of the Province. That a local man, if a local man is responsible for the falsehoods flying around, should lend himself to such a campaign is a sorry reflection upon our community. Our readers, however, will be able to appraise him at his true worth and will accordingly discount his unfounded statements.

One of the rumors floating around is to the effect that a three-fifths vote of the Province must be polled before the result of the ballot on July 21st will be legal. This is a deliberate misrepresentation of fact as can be seen by reference to Sec. 24 of the Direct Legislation Act. A majority vote is the only condition necessary for passing or rejecting the measure voted on.

As regards the question of unfairness in the enforcement clauses of the proposed Liquor Act and its unwieldy machinery, we have neither time nor space to enlarge. It will suffice, however, to say that in these respects the new Act is almost a replica of the old, which is so very acceptable to our bibulous friends.

A campaign of this nature depends upon the widespread unfamiliarity with existing laws is purposely misleading. We doubt whether the party disseminating these reports himself knows very much about what he is talking. He has probably swallowed a well digested and well gilded lesson.

The apparent reason for all this is an attempt to prevent dry voters from taking the trouble to appear at the polls. So palpable and unpatriotic a ruse should result in making everyone more determined than ever to cast his Ballot on Wednesday next, July 21st.

## A Curse

A drunken soldier got on the midnight train at Calgary on Monday, to go to Edmonton. When the conductor asked for his ticket, he had lost it. After much opposition he was put off the train at Crossfield. In an awful rage he cursed the C.P.R. and the country generally. There is certainly an awful curse resting on any country that licenses a trade that so debauches its citizens; and the responsibility rests not simply upon the traffic, but on every one who falls to do his best to remove this curse.

## Edmonton Exhibition.

Under present conditions, the produce of the farm assume a greater importance than has been recognized in the past. Breed will help to annihilate the enemy by keeping the man behind the gun fit and strong, with a steady hand and a cool brain.

The Edmonton Exhibition Association quickly realized the necessity for encouraging the production of the best Alberta's soil could bring forth, and accordingly is offering valuable prizes for all lines of farm produce at the Summer Exhibition, August 9th to 14th.

Field grain, threshed and in the sheaf, seeds and grasses, all come in for consideration, and the prizes are generous ones. The Association is offering medals for district exhibits of grains, grasses, roots and field crops.

Special competitions are arranged for members of an Experimental Union connected with one of the Agricultural Schools or Colleges in Canada. These will afford an opportunity for showing what these Unions are doing for the betterment of grain growing in Alberta.

Dairy products have increased year by year, and the exhibit for 1915 is expected to eclipse all former ones. Dressed poultry and eggs will form an interesting line in addition to the prizes by the Association. Special prizes are offered.

The prize list for domestic manufactures would make the mouth of a gourmand water, and will give the housewife an opportunity for displaying her skill in cookery both plain and fancy, along 35 lines.

Women's work has come to its own at the Edmonton Exhibition, and prizes are offered for a great variety, both fancy and useful. There are competitions for Old Ladies' work, the makers of which must be 60 or over.

The Horticultural Show will be held in connection, affording an additional attraction. The gardeners of Alberta afford an abundance and variety to make this one of the finest horticultural exhibits in Canada.

Prize Lists for the Edmonton Exhibition are now out, and may be obtained by application to W. J. Stark, Manager, Edmonton Exhibition Association.

Since the publication of the prize list the Exhibition Association has decided to offer a Special Prize for the best pair of knitted socks, all exhibits to be given to the Association. The prize winning socks will be sent to any individual soldier named by the winner, together with a letter from the Association informing the recipient of their standing in the competition, and the name of the maker. Five prizes are offered in this competition and the amounts are \$5, \$4, \$3, \$2, and \$1.

## Red Cross Notes.

A business meeting was held in the Fire Hall, on July 10th, the following officers were elected: Vice-President, Mrs. W. McNary; Secretary-Treasurer, Mrs. Wm. Laut; Executive Member, Mrs. S. Willis. Proceeds of the tea at Mrs. Mossop's \$2.85; proceeds of the tea at the Tennis Match \$15; donation \$1 Mr. Ross Jones. New Members: Mrs. M. Boyle, Mrs. J. Robinson.

Work sent in: Mrs. Myers 2 pair socks, Mrs. Adeline McLeod 2 pair socks, Mrs. Mossop 12 Bandages, Mrs. Baker 1 Night Shirt, 1 Surgical Shirt; Mrs. Ainsworth 2 Surgical Shirts, Sewing Circle 8 Handkerchiefs, 4 T Bandages, 12 Bed Pads, 8 Roller Bandages, 3 Day Shirts, 2 Surgical Shirts.

Next Sewing Meetings will be at the homes of Mrs. Willis, July 16th, and at Mrs. McLeod, July 23rd.

A Garden Party will be given by Mrs. E. S. McNary and Mrs. M. Thomas, on Saturday afternoon July 17th, on the lawn of Mr. E. S. McNary. Proceeds in aid of the Red Cross Society.

## Excursion to the Experimental Station Lacombe.

On Friday, July 2nd, the Dominion Government, are putting on a Special Train to Lacombe, to give farmers and their families and the public generally an opportunity of visiting this experimental station. This train will call at Crossfield at 7:30 a.m., arriving at Lacombe at 11 o'clock, and starting back from Lacombe at 17:30. The return fare will be \$1.95 for adults, and 50 cents for children. The trip can therefore be made in one day at a very small cost.

Extensive experimental work is at the present underway at the Station with Livestock, Horticulture, Field Husbandry Cereals and Poultry. All who are in any way interested in agriculture are invited to spend a day on the farm, special guides will be provided to take visitors round and to explain the work which is at present being carried on in all the various departments.

Lunch will be served on the grounds by the Lacombe branch of the Red Cross Society. It will be at a very moderate charge, but those who prefer to bring lunch baskets can obtain hot water free on the farm.

Visitors will be welcomed by the Mayor of Lacombe, and addresses will be delivered by Dr. J. G. Rutherford, Chief of the Livestock Branch, Natural Resources Department, O.P.R., Calgary, and by representatives of the Dominion and Provincial Departments of Agriculture.
